

HAPPY EASTER of the LORD

Dear Salesian Cooperators,

the Lord's Easter reaches us once again with its message of light and hope: Christ is risen! He is our strength, our peace, our joy.

Pope Francis reminds us that Jesus lived his whole life by giving himself confidently into the hands of the Father: hands of love, mercy, blessing. We too, as a Salesian family, are invited to do the same, to put our lives in God's hands with faith, to become a sign of his love for all, especially for the young.

The Jubilee calls us to "move without delay", to be pilgrims of hope in the world. This is our task today: to walk together, to bring hope, to build bridges, to live the beauty of the Gospel in the simple things of every day.

May this Easter give us the courage to love more and more and to entrust ourselves joyfully to the mission that has been entrusted to us.

With fraternal affection.

Antonio Boccia
World Coordinator
